Part No.: 77510 (to suit BeefEater Fridge BF1130)
77520 (to suit BeefEater Fridge BF2200)

For outdoor use only!

Serious Barbecues

To assemble each of the cabinets follow these steps:

Tip: it is best to assemble these cabinets as close as possible to where they will be used.

ASSEMBLY:

Step 1:

Lay the Base Frame of the cabinet on the ground upside down, and screw the 6 legs to place. Screw each leg all the way in, then Turn base back to normal position with the legs down.

Step 2:

Position the Back panel in over the Base panel, and lock to place by engaging into the hooks sideways:

Step 3:

In a similar manner to Step 2, position the Front panel on the Base, and lock to place:

Step 4:

Lower the RH Side Panel in between the Front and Back panels on the inside. Engage the two pins on the bottom, and lock to place with 2 screws on the top.

Step 5:

Assemble the LH Side panel to base and back panel. Secure to back panel with a screw on top:

Step 6:

Secure the centre-Brace with 4 screws, and put the bottom panel in place:

Step 7:

Place the Benchtop over the frame.

Note: it may be more prudent to place the cabinet in it's final position level it, and bring in all services before placing the Benchtop.

Ensure all feet are in contact with the ground properly.

Note:

The pins at the corners of the cabinet sides need to fully engage with the Holes at the benchtop's underside.

Step 8:

Assemble the Sink and Tap.

Slide the Fridge to place

Step 9:

Assemble the door.

The frame of the door fits the opening in the cabinet, and is secured to place with the fasteners supplied.

You may also follow the instructions supplied with the doors.

For more information about the Fridge, please refer to the instruction book supplied with the appliance.

Openings for the supply of services such as power, water and drainage are provided at the rear of the unit. Please ensure these correspond to the position of the services as apply to your particular installation.

NOTE: When considering the position of your Outdoor Kitchen, ensure the Fridge is never exposed to direct sunlight.

CARE AND MAINTENANCE

The BeefEater Outdoor Kitchen is made out of durable and sturdy materials, and designed to withstand the wrath of time, however keeping it away from the elements, and only cleaning with mild detergents warm water, and soft-bristle brush, will extend its life, and help in keeping it looking better for longer.

The granite benchtop can be cleaned with warm soapy water, using mild detergent, and no caustic or abrasive materials.

Side panels are only to be lightly sprayed with warm soapy water, and rinse with gentle spray of clean water. Do not wipe, rub, scrape, or otherwise scratch the panels.

WARRANTY:

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Should any part fail due to defective workmanship or faulty materials within the specified period from the date of purchase, BeefEater or its distributor will repair or, (at distributors option), replace the defective part free of charge.

Warranty Administration

In Australia, warranty is administered by Woodland Home Products.

To ensure speedy processing of your warranty service claim, ensure that you record all specific details about your BeefEater Outdoor Kitchen (ODK) in the space provided. Keep this information handy for future reference, and a copy of your purchase receipt.
